MetLife Workshop For Parents with Special Needs Children

MetLife, the carrier that provides the term life insurance under the State of Maryland benefits program, invites you to attend a special presentation of the **MetDESK** workshop. MetDESK is MetLife's **Division of Estate Planning for Special Kids**. MetDESK helps families who have children and/or other dependents with special needs navigate through the maze of legal and financial complexities of planning for that person's future care. Through education, MetDESK can help secure not only lifetime care, but also quality of life and financial freedom for dependents, as well as peace of mind for caregivers.

This unique program has been recognized in The Wall Street Journal as a resource for parents of special needs children and is a four-time winner of the National Business & Disability Council Valued Customer of the Year Award.
